# Social Media Fitness Check

## Audit Of Your Prescence On Social Media

Ecospecifier conducts a drilled down analysis and evaluation report of your brand performance on social media - covering all aspects from company blog/s to your presence and impact across different social media platforms.

## Immediate Benefits

1. Clarity about how your brand is being perceived in the social media space.
2. A qualitative analysis of why your brand is not present enough and enjoying a bigger slice of social media.
3. Insight to how your brand could have greater impact and optimally be marketed in the social media space to leverage sales leads and traffic back to your website.
4. Valuable recommendations to progress your social media profile to the next level and boost your Social Media Value.
